Report of the Board of Management for the year ended 31 March 2011

The Board of Management present their report and the audited financial statements for the year ended 31 March 2011.

Principal activities

Clanmil Housing is one of the leading providers of affordable housing in Northern Ireland, providing both general and specialised housing for people in need.

We aim to be a primary provider of high quality homes at the lowest possible economic rent for everyone in housing need.

This mission is achieved through:

- Providing high quality services which meet the requirements of our customers;
- Sustaining the highest levels of Governance and Accountability in all areas of operation;
- Progressing appropriate business opportunities to continue growth;
- Using all resources available as efficiently and effectively as possible; and
- Acting responsibly with regard to the environment in all aspects of operations.

The Board of Management is a voluntary Committee who have responsibility for the strategic direction, general policy and management of the Association. The day to day management of operations is delegated to the Chief Executive and the Management Team. The Association employs 205 staff.

Clanmil Housing provides affordable housing in Northern Ireland and is the controlling member of the Clanmil Group.

Clanmil Properties Limited manages commercial property rentals.

Milbreen Limited is currently dormant but intends to develop affordable housing for sale.

Clanmil Ireland provides housing accommodation for those in need in the Republic of Ireland.

The Association continues to grow as an organisation and efficiency savings are reinvested where appropriate to improve existing services, deliver additional services and maintain or improve the stock condition and value.

We strive to operate efficiently and effectively, and outputs are monitored by the Board of Management who receive performance reports covering a variety of financial and non-financial performance information.

For our core business areas we have set a number of key performance indicators - these include rent arrears, voids, customer satisfaction, growth, maintenance repair times, staff turnover and financial stability.

The management of financial resources is critical to our ability to meet our objectives. Whilst the Association has voluntary non-profit making status, the generation of an annual surplus is vital to ensure the ongoing investment in new housing stock, to provide for longer term maintenance obligations, to meet the commitments to lenders, and to generally ensure adequate protection against unforeseen circumstances.

The key strengths of the Association which enable our objectives to be achieved are:

- A commitment to the highest standards of corporate governance;
- A financial position which secures the confidence of funders, facilitating future investment and strategic growth opportunities;
- Professional and dedicated staff who are committed to the Association's objectives; and
- An ability to deliver the social housing development programme.

Status

The Association is registered under the Industrial and Provident Societies Act (Northern Ireland) 1969 (No. IP 136) and is a Registered Housing Association.

The Association is a registered charity (Charity No. XR 43042).

Report of the Board of Management for the year ended 31 March 2011

Risk Management

Responsibility for the identification of risks is clearly defined and operates through a rolling risk assessment process. Key risks facing the Association are considered by the Board of Management at each meeting and the Board has adopted a risk-aware strategic focus.

Performance in the sector is generally affected by government policies and changing legislation, the impact of the regulatory regime, changes in demographic, political or economic conditions or environmental risks. Some of the major factors which may affect the Association over the next year are:

- Increasing customer demands/expectations including the need to deal with anti-social behaviour;
- Housing policy and planning issues;
- Limits on Supporting People and other revenue funding;
- Issues arising from public procurement policy and legislation;
- Rationalisation of the social housing sector in Northern Ireland;
- The availability and cost of private finance; and
- The effect of reducing grant rates on the ability to develop financially viable schemes.

Performance in the year ended 31 March 2011

During the year the number of homes in management increased by 98 to 2,464. There were 459 units under development at 31 March 2011.

£21.253 million was spent on the development of housing properties during the year, partially funded by Housing Association Grant of £16.462 million.

Turnover increased by 8% from £10.479 million in 2009/10 to £11.330 million.

The Association's annual review of rental charges at April 2010 resulted in a 4.66% increase in rents.

Operating costs of £7.694 million represent 68% of turnover (no change in % over 2009/10).

The surplus for the financial year was £1.613 million, before transfers to designated reserves, showing a decrease of £1.085 million over 2009/10. This includes a deficit arising from the disposal of housing properties of £621K which primarily relates to building components replaced during planned maintenance works. The Association is an early adopter of component accounting - the disposal of building components will be a feature of future years' results and is likely to lead to similar reductions in the surplus.

A significant increase in loan interest payable has also contributed to a decline in the level of surplus for the year. Net financing costs increased from £598K in 2009/10 to £1.402 million, reflecting an increase in the level of debt throughout the year and an increase in the effective interest rate arising from the conversion of a £20 million revolving credit facility to longer term fixed rate debt.

The Association continues its programme of major repairs and improvements to properties and the total expenditure in the year was £1.104 million. The level of expenditure of this nature will fluctuate from year to year dependent on the age and condition of schemes and this has a significant impact on the amount of retained surplus in any one year after the relevant transfer to/from designated reserves.

Designated reserves increased to £10.424 million demonstrating the Association's overall capacity to meet its future major repairs and cyclical maintenance commitments.

Expected performance in the year ending 31 March 2012

The Association expects further expansion in 2011/12 as a result of a significant ongoing development programme with turnover projected to increase by around 10% to approximately £12.5 million. The indicative social housing development programme shows an allocation to the Association of 490 units to be acquired or start on site in 2011/12 representing 35% of the total programme for Northern Ireland of 1,400 units.

It is planned that 152 additional units of housing will be completed during the year increasing total stock owned by the Association to 2,583 units.

Report of the Board of Management for the year ended 31 March 2011

£3.906 million of expenditure re the ongoing programme of major repairs and improvements to properties is anticipated in the year.

The Association operates in a highly regulated environment which can result in associated cost pressures and constraints on income streams. We will continue to develop a co-ordinated corporate approach to achieving efficiency targets in line with the Strategic Plan. Priorities have been set to ensure that efficiencies are gained without an adverse impact on service delivery or service user satisfaction.

Treasury

The Association's treasury management policy facilitates the effective management of cash flows, borrowings, investments and the risks associated with these activities.

At 31 March 2011 the Association had loans outstanding of £37.962 million, representing an increase in the loan portfolio of £5.419 million over 31 March 2010.

The Association was fully compliant with loan covenants during the year. The interest cover ratio for the year of 2.37 and the adjusted net leverage ratio as at 31 March 2011 of 12.63% comfortably exceed the Association's principal lender's requirements.

Responsibility for the management of interest rate risk and liquidity risk is delegated to the Finance Committee. The Association finances its operations through a combination of borrowing and the reinvestment of retained reserves. The amount of borrowings and its terms are reviewed and determined by the Finance Committee.

Interest rate risk

Exposure to fluctuating interest rates is managed by the composition of a balanced portfolio between fixed rate and variable rate loans. The effective interest rate in 2009/10 was 2.00%. An analysis of the average cost of funds in 2009/10 of the 130 largest Housing Associations in the UK showed a range from 2.48% to 8.19%, with the average being 4.78% (www.socialhousing.co.uk). This demonstrates that Clanmil's average cost of funds in 2009/10 was exceptionally low. The effective interest rate in 2010/11 increased to 4.27%. When compared against the 2009/10 benchmark of the largest Associations performance in 2010/11 is considered to be good.

Liquidity risk

The Association maintains a mixture of long-term and short-term loan finance that is designed to ensure there is sufficient funds to achieve business objectives and to facilitate planned growth.

At 31 March 2011 the Association had available loan facilities agreed with Banks but undrawn of £19 million.

Currency risk

The Association does not engage in foreign currency transactions and so is not exposed to exchange risk.

Regulation

The Association's principal regulator is the Department for Social Development (DSD). It is also regulated by the Northern Ireland Housing Executive (NIHE) in its role as administrator of Supporting People funding.

The DSD issued its inspection review report on the Association in August 2010 covering four main areas of operations. A four tier scoring mechanism has been adopted to reflect the assessment of substantial assurance, satisfactory assurance, limited assurance and no assurance. The individual assurance ratings attained by the Association are as follows:

Area of operations:	Rating:
Financial Management	Substantial Assurance
Corporate Governance	Substantial Assurance
Property Management	Substantial Assurance
Property Development	Substantial Assurance
Overall	Substantial Assurance

Report of the Board of Management for the year ended 31 March 2011

Quality Management

The quality of the Association's management systems is recognised through the ISO and Investors in People accreditations, the standards of the Code of Practice for the Centre for Sheltered Housing Studies and the standards of the Regulation and Quality Improvement Authority.

Charitable donations

Donations totalling £1,346 (2010: £189) were made during the year. No donations for political purposes were made during the year (2010:£nil).

Statement of the responsibilities of the members of the Board of Management

The Industrial and Provident Societies Act and registered housing association legislation require the members of the Board of Management to prepare financial statements for each financial year which give a true and fair view of the state of the Association's affairs and of its surplus or deficit for that period. In preparing these statements the Board is required to:

- Select suitable accounting policies and apply them consistently
- Make judgements and estimates that are reasonable and prudent
- State whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Association will continue to operate.

The members of the Board of Management are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Association and to ensure that the financial statements comply with the Industrial and Provident Societies Act (Northern Ireland) 1969 and the Registered Housing Associations (Accounting Requirements) Order (Northern Ireland) 1993. They have general responsibility for the taking of reasonable steps to safeguard the assets of the Association and to prevent and detect fraud and other irregularities.

Statement of disclosure of information to auditors

So far as each of the members of the Board of Management at the date of approval of these financial statements is aware:

- There is no relevant audit information of which the Association's auditors are unaware; and
- They have taken all the steps that they ought to have taken as members of the Board of Management in order to make themselves aware of any relevant audit information and to establish that the Association's auditors are aware of that information.

Internal Control

The Board of Management has overall responsibility for the Association's internal control systems and for reviewing the effectiveness of these. Such systems can only provide the Board of Management with reasonable (and not absolute) assurance against material misstatement or loss as they are designed to manage the risk of failure to achieve business objectives rather than eliminate the risk completely.

Audit

The Board of Management has established an Audit Committee with clearly defined terms of reference. The main functions of the Audit Committee are to control and review the external and internal audit functions, the internal control systems and monitor the performance of the Association against the key business indicators. The Association's internal auditors report directly to the Audit Committee on completion of each systems review and an annual summary report is produced by the internal auditors summarising the systems audit programme each year. The work of the external auditors also provides some assurance through the year end audit and the provision of an internal control report.

Report of the Board of Management for the year ended 31 March 2011

Board of Management and Executive Officers

The members of the Board of Management and the executive officers of the Association are listed on page 1.

Each member of the Board of Management other than members co-opted during the year holds one fully paid share of £1 in the Association.

In accordance with the rules of the Association, Ms Baird, Mr Hogg and Ms Rice are due to retire by rotation and are eligible for re-appointment.

Independent auditors

The auditors, PricewaterhouseCoopers LLP, have indicated their willingness to continue in office, and a resolution proposing their reappointment will be proposed at the Annual General Meeting.

By order of the Board

CI McCarty
Company Secretary
9 June 2011

Independent auditors' report to the members of Clanmil Housing Association Limited

We have audited the financial statements of Clanmil Housing Association Limited for the year ended 31 March 2011 which comprise income and expenditure account, the balance sheet, the cash flow statement and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Respective responsibilities of the Board and auditors

As explained more fully in the Statement of the responsibilities of the members of the Board of Management set out on page 5, the Board is responsible for the preparation of financial statements which give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (ISAs) (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

This report, including the opinions, has been prepared for and only for the association's members as a body in accordance with the Industrial and Provident Societies Acts (Northern Ireland) 1969 and 1976, the Housing (Northern Ireland) Order 1992, the Registered Housing Associations (Accounting Requirements) (Northern Ireland) Order 1983 as amended by the Registered Housing Associations (Amendment) Order (Northern Ireland) 1992 and the Registered Housing Associations (Accounting Requirements) Order (Northern Ireland) 1993 (together the "Acts") the association is required to prepare financial statements. We are required under the Acts to audit those financial statements and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the association's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the board; and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the report of the Board of Management to identify material inconsistencies with the audited financial statements. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the association's affairs as at 31 March 2011 and its income and expenditure and cash flows for the year then ended; and
- have been properly prepared in accordance with the Industrial and Provident Societies Act (Northern Ireland) 1969 and 1976, the Housing (Northern Ireland) Order 1992 and the Registered Housing Associations (Accounting Requirements) Order (Northern Ireland) 1993.

Independent auditors' report to the members of Clanmil Housing Association Limited

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Industrial and Provident Societies Act (Northern Ireland) 1969 and 1976 requires us to report to you if, in our opinion:

- a satisfactory system of control over transactions has not been maintained; or
- the association has not kept proper accounting records; or
- the financial statements are not in agreement with the books of account; or
- we have not received all the information and explanations we need for our audit.

Martin Pitt (Senior Statutory Auditor)
for and on behalf of PricewaterhouseCoopers LLP
Chartered Accountants and Statutory Auditors

Notes to the financial statements for the year ended 31 March 2011

1 Accounting policies

These financial statements are prepared under the historical cost convention, and in accordance with applicable accounting standards and statement of recommended practice. The presentation of the accounts complies with the Registered Housing Associations (Accounting Requirements) Order (Northern Ireland) 1993.

Tangible fixed assets

Housing properties

Housing properties which include land are stated at cost including appropriate on costs.

Other housing properties

Other housing properties are stated as cost which is purchase price together with any incidental costs of acquisition. These properties are effectively purchased concurrently by the Association and participants and so are disclosed in fixed assets at the cost to the Association with the participants' net investment also disclosed in the housing properties note to the accounts.

The initial cost of the houses is not split between current and fixed assets since the Association and the participant effectively purchase their respective shares simultaneously. The circumstances of this type of transaction means that no gain nor loss will ever be made by the Association on first tranche sales and so the proceeds and costs are not shown in turnover or cost of sales. This allows the Association to present a true and fair view of the commercial reality behind such a co-ownership scenario.

Other fixed assets

Other fixed assets are stated at cost.

Housing Association Grant and other grants

Housing Association Grant and other grants received as a contribution towards the capital costs of housing properties are set against the capital cost of these properties. Housing Association Grant received against revenue expenditure is credited to revenue in the period in which the related expenditure is charged.

Such grants, although treated as a grant for accounting purposes, may be repayable under certain circumstances, primarily following the sale of housing property, but any amount repayable would be restricted to the net proceeds of the sale.

Depreciation

Housing properties

The Association's policy is to depreciate the cost over the remaining useful economic lives of the properties in accordance with the Statement of Recommended Practice for Accounting by Registered Social Landlords. The useful economic lives have been estimated at follows:

Sheltered housing - 70 years
Non-sheltered housing - 90 years

Other fixed assets

Depreciation of other fixed assets is charged on a straight-line basis over the estimated useful economic lives of the assets at the following annual rates:

Freehold buildings - 2% on cost
Office furniture and fittings - 10% to 20% on cost
Motor vehicles - 25% on cost
Fixed assets related to property - 10% on cost

Notes to the financial statements for the year ended 31 March 2011

1 Accounting policies (continued)

Disposal proceeds fund

The net surpluses, after loan repayments, that arise from the sale of property to tenants under the voluntary purchase grant arrangements instituted by the Department for Social Development can be used by the Association to fund works on property that would not be eligible for housing association grant or in certain circumstances, attract loan finance. Over the period from 1 October 2006 until 31 March 2010 notional interest on the balance is included in the fund.

If the surpluses are not used within two years of their receipt they may be payable in part or in full to the Department for Social Development.

Transfer to designated reserves

Cyclical maintenance

The Association's obligations in respect of cyclical maintenance are reflected by way of amounts appropriated from revenue to designated reserves, such appropriation being based on maintenance allowances specified by the Department for Social Development. Cyclical maintenance expenditure is charged to revenue and amounts equivalent to this expenditure released from designated reserve to revenue reserve.

Major repairs

The amount appropriated to designated reserves in respect of major repairs is calculated in accordance with the Rent Surplus Fund (Northern Ireland) Determination 1992 in respect of traditionally funded schemes. An appropriation is also made in respect of mixed funded and Housing with Care schemes on the basis of planned maintenance. Expenditure when incurred is deducted from the accumulated designated reserve balance.

Scheme furniture and equipment

Included in the service charge to tenants is their contribution towards the cost of renewing scheme furniture and equipment. The Association holds these contributions from tenants in a designated reserve for furniture and equipment replacement against which renewals are charged. The contribution amounts are determined by reference to the current estimated cost of renewing these assets and their estimated useful lives.

Pensions

The Association participates in a defined benefit pension scheme for a number of employees. Contributions to this scheme are charged to income and expenditure when they fall due as referred to in note 28.

2 Analysis of turnover

Turnover and results relate to the Association's main activity which is carried out in the United Kingdom. Turnover represents rental and service charge income and residential charges for Housing with Care, net of voids. It also includes income arising on the lease of a property to a related company, services provided to other Housing Associations and Special Needs Management Allowance (interim protection) received for the provision of housing with care.

3 Operating costs

	2011	2010
	£	£
Direct costs	6,057,153	5,612,058
Administrative expenses	1,637,126	1,558,895
	7,694,279	7,170,953

Notes to the financial statements for the year ended 31 March 2011

4 Operating surplus

	2011	2010
	£	£
This is stated after charging/(crediting):		
Staff costs (note 5)	3,082,855	2,820,856
Depreciation	392,165	379,117
Release of capital grant	(777)	(777)
Auditors' remuneration		
– audit services	7,728	7,725
– non-audit services	2,882	1,750

5 Employee information

	2011	2010
	£	£
Staff costs		
Wages and salaries	2,776,720	2,534,528
Social security costs	205,133	184,272
Other pension costs	101,002	102,056
	3,082,855	2,820,856

	Number	Number
Average monthly number of persons employed by the Association during the financial year by activity		
Administration	65	60
Scheme co-ordinators and ancillary staff	81	74
Special needs	59	58
	205	192

6 Directors' emoluments

The remuneration of directors (defined as the Board of Management and the Management Team of the Association) during the year was:

	2011	2010
	£	£
Aggregate emoluments	324,145	318,591
Pension contributions to money purchase schemes	42,428	38,888
	366,573	357,479

Members of the Board of Management serve in a voluntary capacity and none were in receipt of emoluments during the year.

The Board and Committee members were reimbursed for expenses totalling £2,090 during the year (2010: £2,742).

Notes to the financial statements for the year ended 31 March 2011

6 Directors' emoluments (continued)

The emoluments to the highest paid Director (currently included within the above table) are as follows:

	2011	2010
	£	£
Aggregate emoluments	92,744	91,009
Pension contributions to money purchase schemes	9,738	9,594
	102,482	100,603

The number of directors to whom emoluments were paid during the year fall within each of the following bands:

Salary Band:	2011	2010
	No	No
£90,000 - £95,000	1	1
£65,000 - £70,000	1	-
£60,000 - £65,000	1	2
£55,000 - £60,000	1	1
£40,000 - £45,000	1	1
	5	5

7 Transfer to disposal proceeds fund

Note that the Association operates a rent pooling policy. This can impact on the assessment of surplus or deficit arising from a particular type of housing activity.

Notes to the financial statements for the year ended 31 March 2011 11,592,330

28 Pension commitments

The Association participates in the Social Housing Pension Scheme (SHPS). The Scheme is funded and is contracted out of the State Pension scheme.

SHPS is a multi-employer defined benefit scheme. Employer participation in the Scheme is subject to adherence with the employer responsibilities and obligations as set out in the "SHPS House Policies and Rules Employer Guide".

The Scheme operated a single benefit structure, final salary with a 1/60th accrual rate until 31 March 2007. From April 2007 there are three benefit structures available, namely:

Final salary with a 1/60th accrual rate.

Final salary with a 1/70th accrual rate.

Career average revalued earnings (CARE) with a 1/60th accrual rate.

From April 2010 a further two benefit structures have been available, namely:

Final salary with a 1/80th accrual rate.

Career average revalued earnings (CARE) with a 1/80th accrual rate.

A defined contribution benefit structure has been made available from 1 October 2010.

An employer can elect to operate different benefit structures for their active members (as at the first day of April in any given year) and their new entrants. An employer can only operate one open benefit structure at any one time. An open benefit structure is one which new entrants are able to join.

The Association has elected to operate the final salary with a 1/60th accrual rate for active members and new entrants.

The Trustee commissions an actuarial valuation of the Scheme every 3 years. The main purpose of the valuation is to determine the financial position of the Scheme in order to determine the level of future contributions required, in respect of each benefit structure, so that the Scheme can meet its pension obligations as they fall due. From April 2007 the split of the total contribution rate between member and employer is set at individual employer level, subject to the employer paying no less than 50% of the total contribution rate. From 1 April 2010 the requirement for employers to pay at least 50% of the total contribution rate no longer applies.

The actuarial valuation assesses whether the Scheme's assets at the valuation date are likely to be sufficient to pay the pension benefits accrued by members as at the valuation date. Asset values are calculated by reference to market levels. Accrued pension benefits are valued by discounting expected future benefit payments using a discount rate calculated by reference to the expected future investment returns.

During the accounting period the Association paid contributions at the rate of 15.75%. Member contributions varied between 7.95% and 9.95% dependent on their age.

As at the balance sheet date there were 30 active members of the Scheme employed by the Association. The annual pensionable payroll in respect of these members was £709,636. The Association continues to offer membership of the Scheme to its employees.

It is not possible in the normal course of events to identify on a consistent and reasonable basis the share of underlying assets and liabilities belonging to individual participating employers. This is because the scheme is a multi employer scheme where the scheme assets are co-mingled for investment purposes, and benefits are paid from total scheme assets. Accordingly, due to the nature of the Scheme, the accounting charge for the period under FRS17 represents the employer contribution payable.

Notes to the financial statements for the year ended 31 March 2011

28 Pension commitments (continued)

The last formal valuation of the Scheme was performed as at 30 September 2008 by a professionally qualified actuary using the Projected Unit Method. The market value of the Scheme's assets at the valuation date was £1,527 million. The valuation revealed a shortfall of assets compared with the value of liabilities of £663 million, equivalent to a past service funding level of 69.7%.

The financial assumptions underlying the valuation as at 30 September 2008 were as follows:

	% pa
Valuation discount rates:	
- Pre retirement	7.8
- Non pensioner post retirement	6.2
- Pensioner post retirement	5.6
- Pensionable earnings growth	4.7
- Price inflation	3.2
Pension increases	
- Pre 88 GMP	0.0
- Post 88 GMP	2.8
- Excess over GMP	3.0

Expenses for death in service insurance, administration and PPF levy are included in the contribution rate.

The valuation was carried out using the following demographic assumptions:

Mortality pre retirement – PA92 Year of Birth, long cohort projection, minimum improvement 1 %p.a.

Mortality post retirement – 90% S1PA Year of Birth, long cohort projection, minimum improvement 1% p.a.

The long-term joint contribution rates that will apply from April 2010 required from employers and members to meet the cost of future benefit accrual were assessed at:

Benefit structure	Long-term joint contribution rate (% of pensionable salaries)
Final salary with a 1/60 th accrual rate	17.8
Final salary with a 1/70 th accrual rate	15.4
Career average revalued earnings (CARE) with a 1/60 th accrual rate	14.9
Final salary with a 1/80 th accrual rate	13.5
Career average revalued earnings (CARE) with a 1/80 th accrual rate	11.9

If an actuarial valuation reveals a shortfall of assets compared to liabilities the Trustee must prepare a recovery plan setting out the steps to be taken to make up the shortfall.

Following consideration of the results of the actuarial valuation it was agreed that the shortfall of £663 million would be dealt

Notes to the financial statements for the year ended 31 March 2011

28 Pension commitments (continued)

with by the payment of deficit contributions of 7.5% of pensionable salaries, increasing each year in line with salary growth assumptions, from 1 April 2010 to 30 September 2020, dropping to 3.1% from 1 October 2020 to 30 September 2023. Pensionable earnings at 30 September 2008 are used as the reference point for calculating these deficit contributions. These deficit contributions are in addition to the long-term joint contribution rates set out in the table above.

Employers that participate in the Scheme on a non-contributory basis pay a joint contribution rate (i.e. a combined employer and employee rate).

Employers that have closed the defined benefit section of the Scheme to new entrants are required to pay an additional employer contribution loading of 3.0% to reflect the higher costs of a closed arrangement.

A small number of employers are required to contribute at a different rate to reflect the amortisation of a surplus or deficit on the transfer of assets and past service liabilities from another pension scheme into the SHPS Scheme.

Employers joining the Scheme after 1 October 2002 that do not transfer any past service liabilities to the Scheme pay contributions at the ongoing future service contribution rate. This rate is reviewed at each valuation and applies until the second valuation after the date of joining the Scheme, at which point the standard employer contribution rate is payable. Contribution rates are changed on the 1 April that falls 18 months after the valuation date.

A copy of the recovery plan, setting out the level of deficit contributions payable and the period for which they will be payable, must be sent to the Pensions Regulator. The Regulator has the power under Part 3 of the Pensions Act 2004 to issue scheme funding directions where it believes that the actuarial valuation assumptions and / or recovery plan are inappropriate. For example the Regulator could require that the Trustee strengthens the actuarial assumptions (which would increase the scheme liabilities and hence impact on the recovery plan) or impose a schedule of contributions on the Scheme (which would effectively amend the terms of the recovery plan). The Regulator is currently in the process of reviewing the recovery plan for SHPS in respect of the September 2008 actuarial valuation. A response from the Regulator is expected in due course.

The Scheme Actuary has prepared an Actuarial Report that provides an approximate update on the funding position of the Scheme as at 30 September 2010. Such a report is required by legislation for years in which a full actuarial valuation is not carried out. The funding update revealed an increase in the assets of the Scheme to £1,985 million and indicated a reduction in the shortfall of assets compared to liabilities to approximately £497 million, equivalent to a past service funding level of 80.0%.

As a result of pension scheme legislation there is a potential debt on the employer that could be levied by the Trustee of the Scheme. The debt is due in the event of the employer ceasing to participate in the Scheme or the Scheme winding up.

The debt for the Scheme as a whole is calculated by comparing the liabilities for the Scheme (calculated on a buyout basis i.e. the cost of securing benefits by purchasing annuity policies from an insurer, plus an allowance for expenses) with the assets of the Scheme. If the liabilities exceed assets there is a buy-out debt.

The leaving employer's share of the buy-out debt is the proportion of the Scheme's liability attributable to employment with the leaving employer compared to the total amount of the Scheme's liabilities (relating to employment with all the currently participating employers). The leaving employer's debt therefore includes a share of any 'orphan' liabilities in respect of previously participating employers. The amount of the debt therefore depends on many factors including total Scheme liabilities, Scheme investment performance, the liabilities in respect of current and former employees of the employer, financial conditions at the time of the cessation event and the insurance buy-out market. The amounts of debt can therefore be volatile over time.

The Association has been notified by the Pensions Trust of the estimated employer debt on withdrawal from the Social Housing Pension Scheme based on the financial position of the Scheme as at 30 September 2010. As of this date the estimated employer debt for the Association was £2,181,000.
